Preamble

Tanzania Fertilizer Regulatory Authority (TFRA) has prepared Fertilizer Register Book (FRB) which shows the list of registered fertilizers in the United Republic of Tanzania. This list shows fertilizer and fertilizer supplements (FFS) which have been registered as per Fertilizer Act No.9 of 2009 and its Fertilizer Regulations of 2011. This FRB shows the trade name of fertilizer, nutrient content, registration number, year of registration and common use. This FRB intend to provide a technical assistance and assurance on the quality of fertilizer to all stakeholders involved in fertilizer industry which include among others administrators, fertilizer dealers, fertilizer inspectors, extension officers and farmers.

This FRB will provide assurance to the users that the fertilizer or fertilizer supplements listed have been tested or validated and registered by TFRA and on the other hand, FRB will be used as the enforcement tool for compliance.

Thus, FRB intends to provide information to stakeholders that the listed FFS in this book have been registered by TFRA after adhering to all the required standard and procedures as stated in the Act and Regulation. The use of this FRB is expected to contribute toward increase fertilizer investors, agricultural productivity, livelihood and hence ensure national food security.

Joel Laurent
Executive Director

Tanzania Fertilizer Regulatory Authority

P. O. BOX 46238, Dar es Salaam

1. Definition of abbreviations

Al	Aluminum
B	Boron
Ca	Calcium
CaO	Calcium Oxide
Co	Cobalt
Cu	Copper
C/N	Carbon Nitrogen Ratio
DAP	Di ammonium Phosphate
Fe	Iron
FFS	Fertilizer and Fertilizer Supplements
FRB	Fertilizer Register Book
FV	Fulvic Acid
K	Potassium
K ₂ O	Potassium Oxide
Mg	Magnesium
MgO	Magnesium Oxide
Mn	Manganese
Mo	Molybdenum
MOP	Muriate of Potash or Potassium Chloride
Mg/L	Milligram per Litre
Me	Micro elements
N	Nitrogen
OM	Organic Matter
OC	Organic Carbon
P	Phosphorus
P ₂ O ₅	Phosphorus Pentoxide
PPM	Parts per million
S	Sulphur

SO ₃	Sulphur Trioxide
TE:	Trace Element
TFRA:	Tanzania Fertilizer Regulatory Authority
Zn	Zinc
H ₂ O:	Water

1. Definition of terms

"Director"	means	The Executive Director of the Tanzania Fertilizer Regulatory Authority appointed under section 7
"Fertilizer supplement"	means	any substance or mixture of substances, other than a fertilizer, that is manufactured, sold or represented for use in the improvement of the physical condition of soils or to aid plant growth or crop yields
"Inspector"	means	a person appointed or designated as an Inspector pursuant to section 33;
"Act"	Means	The Fertilizer Act No. 9 of 2009
"Authority"	means	The power or rights to give orders, make decisions and enforce obedience.
"Regulations"	Means	Fertilizer regulations, 2011
"Trade name"	Means	a name by which FFS is known in a trade
"Nutrient Content"	Means	Level of nutrient contained in fertilizer
"Registration Number"	Means	a number given to a registered fertilizer
"Registrant"	Means	a person who register trademark of a fertilizer
"Farmers"	Means	a person who involve in agricultural activities
"Efficacy"	Means	Performance of the registered fertilizer
"Quality"	Means	a standard fertilizer as measured against its performance
"Extension Officers"	Means	a person who led farmers to use good agricultural practices

2. Introduction

Tanzania Fertilizer Regulatory Authority (TFRA) is the Government Authority made under Section 3 of Fertilizer Act No.9 of 2009, mandated of regulating the manufacturing, exportations, marketing and use of fertilizer and fertilizer supplements in the country. This includes among others registering all fertilizer and fertilizer supplements.

Sections 8 and 9 of the Fertilizer Act No.9 of 2009 set out procedures for registration of FFS. Registration proceeds via assessing the suitability for use for the purpose of evaluating impacts to crops, soils, human health and the environment by carrying out laboratory analysis and efficacy trials. Trials are conducted for new fertilizers which contains new nutrients or microorganisms which had never been registered in Tanzania, for new formulations/blends which contain existing nutrients or already register nutrients prior to its registration it requires only laboratory analysis to test its conformity to the standards field evaluation should be optional.

Procedure for registration of fertilizer and fertilizer supplements are set out in The Fertilizer Regulations of 2011 regulations 3(1)(2)(3) and its amendments on The Fertilizer (amendments) Regulations, 2017 regulation 4. Section 15 of the Fertilizer Act No.9 of 2009 requires Publication and maintenance of register for all registered fertilizers.

3. Purpose

This FRB shows the list of registered FFS in the United Republic of Tanzania. The main purpose is to provide information to fertilizer stakeholders that the fertilizer listed in this FRB have been registered and are in compliances with relevant standards and regulations and on the other hand, FRB will be used as the enforcement tool for compliance.

4. Scope

This FRB comprise the list of all registered FFS which are eligible for use in United Republic of Tanzania and it will be used by all stakeholders includes administrators, decision makers, farmers, investors, researchers, extension officers and fertilizers dealers

5. Requirement for Registration of Fertilizer and Fertilizer Supplements

Requirement for registration of FFS are set out in fertilizer regulation of 2011 regulation 3, which require an applicant to submit to the Director in a form as set out in the First Schedule to the Fertilizer Regulations of 2011 and shall be accompanied by

- i. The information on the suitability of the fertilizer and fertilizer supplements as to its use including technical data sheet and directions;
- ii. A sample of the fertilizer, fertilizer supplements and certificate of analysis, if already issued;
- iii. A written declaration that the fertilizer and fertilizer supplements have or have not been banned or restricted in the country of origin;
- iv. Three copies of the label that is intended to be used for the fertilizer and fertilizer supplements to which the application relates and such other information as is necessary to determine the safety, merit and value of such fertilizer or fertilizer supplements
- v. Such other information or document as may be required by the Director; and
- vi. Where an application is made by an applicant who is not resident in Tanzania, the fertilizer and fertilizer supplements to which the application relates shall not be eligible for registration, unless the application is signed by an agent of the applicant who is permanently resident in Tanzania and to whom any notice or correspondence under the Act may be sent and such agent gives an undertaking to the Director.

6.

Main features in a fertilizer register

The main features or information in a list of registered fertilizers are

- i. Registration Number
- ii. Nutrient Content
- iii. Year of Registration
- iv. Common Use

The List of Registered Fertilizer and Fertilizer Supplements in the United Republic of Tanzania as per Fertilizers Act, 2009.
